SHOP **LOCAL** EAT **LOCAL** SPEND **LOCAL** ENJOY **LOCAL**

The Centralia Area Chamber of Commerce encourages you to support local and shop Centralia. Why? Here are 10 reasons why you should keep your dollars right here in Centralia.

1. More of your money will be kept in your local economy. For every \$100 you spend at a locally owned business, \$68 will stay in the community. What happens when you spend that same \$100 at a national chain? Only \$43 stays in the community.

2. You embrace what makes your community unique. We are uniquely. Our people and businesses and schools and churches. We are uniquely Centralia.

3. You create local jobs. Local businesses are better at creating higher-paying jobs for your neighbors. When you stay local, you help create jobs for teachers, firemen, police officers, and many other essential professions.

4. You help the environment. Buying from a locally owned business conserves energy and resources in the form of less fuel for transportation and less packaging.

5. You nurture your community. Local business owners know you, and you know them. Studies have shown that local businesses donate to community causes at more than twice the rate of chains.

6. You conserve your tax dollars. Shopping in a local business district means less infrastructure, less maintenance, and more money available to beautify your community. Also, spending locally ensures that your sales taxes are reinvested where they belong - right here in Centralia.

7. You create more choice. Locally owned businesses pick the items and products they sell based on what they know you like and want. Local businesses carry a wider array of unique products because they buy for their own individual markets.

8. You invested in entrepreneurship. Creativity and entrepreneurship are what the American economy is founded upon. Nurturing local business ensures a strong community.

9. You took advantage of their expertise. You are their friends and neighbors, and locally owned businesses have a vested interest in knowing how to serve you. They're passionate about what they do.

10. You made your community a destination. The more interesting and unique the community, the more we will attract new neighbors, visitors and guests. This benefits everyone!
